

revive overview.

Revive's comprehensive clinic improves healthcare access and affordability for your employees.

Revive operates on a predictable per-employee-per-month (PEPM) model, working alongside your major medical plans to redirect care outside the plan, driving cost-savings. **Revive members access services at no cost**, which can improve utilization, engage employees in preventive care measures, and increase overall satisfaction with their benefits and you— their employer.

Optimize Healthcare Spend

Lowers overall costs by redirecting care from your major medical plans to Revive.

Enhance Employee Experience

Provides 24/7 access to health care, improving satisfaction, productivity, and addressing gaps in your current offerings.

Inform Strategic Decisions

Delivers valuable data-driven insights to shape overall benefit strategies and health initiatives.

Virtual Care Solutions

PRIMARY CARE

Appointments with an exclusive network of primary care providers in 1-3 days.

Members access primary care visits quickly, with providers who can order lab work and other diagnostic tests.

URGENT CARE

24/7 immediate, non-emergency medical consultations.

Minimizes employee downtime and lowers healthcare costs.

PHARMACY SERVICES

Free daily and urgent care medications with home delivery.

Saves employees' time and money while promoting medication adherence.

WEIGHT HEALTH PROGRAM

Personalized weight management plans and weight loss medications.

Encourages a healthier, more energetic workforce.

BEHAVIORAL HEALTH & EAP

Live group sessions, an AI coach, and one-on-one counseling sessions.

Enhances well-being and boosts work performance.

Revive members also receive FitOn Pro at no cost.

How Revive works for employers

1

24/7 ACCESS TO CARE

Employees can connect with healthcare providers anytime, anywhere—whether it's a virtual doctor appointment or mental health counseling session.

2

SEAMLESS INTEGRATION

Revive integrates effortlessly with your existing systems. No need for complex changes—just a simple, effective clinic for your employees.

3

ONBOARDING & SUPPORT

Our team provides hands-on onboarding, training, and ongoing support to ensure smooth implementation and continued success.

What our members are saying

“

I was seriously looking to resign and pursue a career with a different company, but then [my employer] rolled out Revive. I changed my mind and decided to stay here after seeing the new value in our benefits and I LOVE how this program works for me and my family!

“

It is hard to find the time to take off work to make a sick visit appointment with a PCP. Revive offers an alternative with access to great doctors for medical care. The doctor who took my call today was kind, compassionate and succinct. He explained everything very clearly.
